Price: \$ 18.00
Condition: New

Description

Description:

This book is about **Somalia's need for strong, honest, and visionary leadership**. It looks at Somalia's political problems, the collapse of the state, and the challenges of rebuilding peace, unity, and government institutions. The main idea is that Somalia cannot fully recover without **exceptional leaders** who can unite people, fight corruption, build trust, and guide the country toward stability and development.
