Sharaxaad:

**Cocoa Butter Lemon** is a popular skincare combination, often found in creams, lotions, and body butters (like those from brands like **Queen Elisabeth**, **Ever Sheen**, or **Palmers**). It mixes the deep, ultra-hydrating power of cocoa butter with the brightening properties of lemon.

**Cocoa Butter:** A rich, natural fat extracted from cocoa beans. It is a "heavyweight" moisturizer that melts at body temperature to sink deep into the skin.
