Sharaxaad

Sharaxaad:

Black Hair Shampoo" is a popular, fast-acting alternative to traditional hair dye. It's essentially a **5-minute DIY color treatment** designed specifically for people looking to cover gray hairs or darken their natural shade without the long process of salon coloring.

Key Features

Feature	Description
Speed	Takes only 5–10 minutes to develop (traditional dye takes 30–45 mins).
Ease of Use	You apply it like shampoo on damp hair, massage it in, and rinse.
Ingredients	Many versions claim to be "herbal" (containing Noni or Ginger), but most still contain PPD (the chemical that makes the color stick).
